As a sponsor of this event, you can help us achieve our goal of ending homelessness on Long Island.

This year's Conference will feature Keynote Speaker **Diane Nilan**, Founder and President of HEAR US

Diane Nilan's 21 years' experience with homelessness includes running emergency shelters and successfully advocating for the passage of legislation guaranteeing homeless students' educational rights. In November, 2005, Ms. Nilan sold her house, car and most of her possessions. She purchased an RV and set out on an extraordinary venture: to create a documentary featuring kids talking about their homelessness. Ms. Nilan created HEAR US, a non-profit organization, to give voice and visibility to homeless children, youth and families.

The Conference will also include workshops on funding for affordable housing development on Long Island; operating and maintaining housing and services for Long Island's homeless and disabled populations, and many more!

Who should attend?

Housing developers, non-profit organizations, businesses, banks/lenders, community leaders, corporations, homeless or formerly homeless persons and interested individuals.

For more information on sponsorship opportunities, please contact Greta Guarton or Julee King at (516) 742-7770.

The **Keys Conference** is a unique opportunity to meet and network with corporate and non-profit housing developers, funding sources, service providers, government officials, representatives from government agencies, and vendors in various fields.
